PROFESSIONAL SUMMARY

Senior sales and commercial leader with **20+ years** of experience driving business growth in multinational industrial and technology companies including TDK, OMRON, and Fujikura. Proven track record in sales leadership, strategic account management, new business development, and cross-regional commercial execution across electronics components, optical communications, industrial automation, and data center related markets. Led a **19-person** multi-city sales team with ownership of a **CNY 400M business**, managing key relationships with China Mobile, China Telecom, Huawei, and ZTE while expanding revenue through carrier, OEM, and digital channels. Strong record of **building business from zero**: independently opened OMRON's Central China office and later pioneered banking and government data center verticals at Fujikura. My strength is combining customer strategy, market expansion, channel execution, and leadership discipline to deliver sustainable growth, while also serving as a trusted bridge to headquarters in Japan and Europe. Trilingual in Mandarin, English, and Japanese, with direct Japan and Europe HQ reporting experience. **Fudan University MBA** (Top 10 China).

CORE COMPETENCIES

Sales Leadership · 19-person team · P&L Ownership · CNY 400M · Strategic Account Leadership · Commercial Growth · 0-to-1 Market Expansion · Pipeline & Revenue Forecasting · Channel Strategy (Direct / Distributor / OEM) · Regional Sales Management · Go-to-Market Strategy · HQ Collaboration & Executive Reporting · Optical Fiber Infrastructure (FTTH / 5G / DCI) · Carrier Network · Telecom Ecosystem · Industrial Automation · Electronics Components · Cross-Cultural Leadership (JP / CN / EN) · Design-In & Technical Sales · Fudan MBA

WORK EXPERIENCE

Fujikura (China) Co., Ltd.

Aug 2014 – May 2025 (10 yr 9 mo)

Deputy Sales Director – China Sales & Marketing

Fujikura Corp. (TSE-listed) – Global #1 optical fiber fusion splicers; leading optical communication components supplier

- **P&L & Team Leadership:** Led a 19-person sales team across Shanghai, Beijing, and Shenzhen with full ownership of a CNY 400M annual P&L, transforming the organization into a more forecast-driven and strategically managed sales team. Reported directly to the expatriate Vice General Manager.
- **Strategic Account Leadership:** Managed senior relationships with China Mobile, China Telecom, China Unicom, Huawei, and ZTE, driving key projects forward while converting customer demand into inputs for product roadmap and pricing decisions.
- **Pipeline & Growth Management:** Built a CNY 200M plus project pipeline model to improve opportunity prioritization, resource allocation, and revenue forecasting, strengthening the team's execution rhythm and growth visibility.
- **New Business Development:** Opened banking and government data center verticals through carrier and OEM channels, generating CNY 5M revenue in Year 1 and creating a new growth lane for the business.
- **Market Foresight:** Positioned the business early around 5G infrastructure opportunities through proactive engagement with carrier research institutes, contributing to 15 percent YoY growth during the peak cycle.
- **Digital Channel Expansion:** Launched Fujikura's Alibaba webshop and WeChat platform, delivering CNY 200M in annual online distribution revenue and more than 2 million page views.
- **HQ Collaboration & Executive Support:** Regularly provided structured market briefings and competitive intelligence to headquarters in Japan and Europe, translating China market developments into decision support for product, market, and investment priorities.

OMRON Electronic Components Trading (Shanghai) — Jan 2010 – Aug 2014 (4 yr 7 mo)

Sales Manager – East China

Products: Inverters, PLCs, Relays, Sensors, Switches, Connectors

- **Regional Sales Leadership:** Led a 4-person team including 1 Japanese national, managing East China sales operations with annual revenue of USD 4M and delivering 108 percent YoY growth.
- **0-to-1 Market Expansion:** Independently established OMRON's Central China office in Wuhan, owning the full cycle from market entry to customer development and business ramp-up, delivering CNY 2M in Year 1 and earning promotion to Sales Manager upon return to Shanghai.
- **Strategic Customer Coverage:** Managed key industrial accounts including Panasonic, Mitsubishi, Siemens, Schneider, ABB, Fuji Electric, Hitachi, and Yaskawa across industrial control, medical, power, building automation, and home appliance sectors.
- **HQ Coordination:** Conducted regular business and market reporting to Japan headquarters, serving as an important channel for translating China market developments into regional sales planning discussions.

TDK (Shanghai) International Trading Co., Ltd. — May 2004 – Jan 2010 (5 yr 8 mo)

Sales Supervisor – Japanese Key Accounts, East China

Products: MLCC Capacitors, Inductors, Sensors, Magnetic Components

- **Strategic Account Management:** Managed major Japanese electronics OEMs across East China in consumer electronics, automotive, and industrial segments, with average monthly sales of around CNY 10M and market share above 70 percent at key accounts including Hitachi and Mitsumi.
- **Revenue Growth:** Delivered 140 percent and 130 percent YoY growth in FY2006 and FY2007, consistently expanding regional business scale and account contribution.
- **Design-In & Share Expansion:** Secured more than 10 new design-ins annually, deepening customer engagement and converting account relationships into larger share of wallet.
- **Key Customer Coverage:** Core accounts included Pioneer, Alpine, Alps, Hitachi, Mitsumi, and NIDEC Group, demonstrating strong capability in long-cycle Japanese key account development.
- **Recognition:** Received the 2007 NIDEC Best Supplier Award, reflecting strong customer satisfaction and execution reliability.
