PROFESSIONAL SUMMARY

Senior commercial leader and industry advisor with **20+ years** driving revenue growth at top-tier Japanese manufacturers (TDK, OMRON, Fujikura) across electronics components, optical communications, and industrial automation. Track record of **building businesses from zero**: opened OMRON's Central China office independently (CNY 2M Year-1); pioneered banking & government data center verticals at Fujikura (CNY 5M Year-1). Deep domain expertise in **optical fiber infrastructure** — FTTH/FTTB, 5G fronthaul & backhaul, data center interconnect (DCI), and carrier network deployment across China's Big Three operators. Experienced in delivering **market intelligence, go-to-market strategy, and commercial advisory** to global HQ (Japan & Europe), bridging China market dynamics with international decision-making. Managed **multi-hundred-million RMB P&Ls**, 19-person cross-city sales teams, and C-level relationships at China Mobile, China Telecom, Huawei, ZTE, Siemens, and ABB. Trilingual (Mandarin / English / Japanese) with direct Japan & Europe HQ reporting experience. **Fudan University MBA** (Top 10 China).

CORE COMPETENCIES

Sales Leadership · 19-person team · P&L Ownership · CNY 400M · Key Account Management · 0-to-1 Market Entry · New Business Development · Pipeline & Revenue Forecasting · Channel Strategy (Direct / Distributor / OEM) · Competitive Intelligence & Market Advisory · Go-to-Market Strategy · Optical Fiber Infrastructure (FTTH / 5G / DCI) · Carrier Network · Telecom Ecosystem · Industrial Automation · Electronics Components · Cross-Cultural Leadership (JP / CN / EN) · Design-In & Technical Sales · Fudan MBA

WORK EXPERIENCE

Fujikura (China) Co., Ltd.

Aug 2014 – May 2025 (10 yr 9 mo)

Deputy Sales Director — China Sales & Marketing

Fujikura Corp. (TSE-listed) — Global #1 optical fiber fusion splicers; leading optical communication components supplier

- **P&L & Team Leadership:** Led a 19-person sales team across Shanghai, Beijing, and Shenzhen with full ownership of a CNY 400M annual P&L. Transformed the team from execution-driven to a data-driven strategic sales organization. Reported directly to the Vice General Manager (expatriate).
- **Strategic Account Management:** Managed senior-level relationships with China Mobile, China Telecom, China Unicom, Huawei, and ZTE. Customer insights directly informed global product roadmap and pricing strategy.
- **Pipeline & Revenue Forecasting:** Built a CNY 200M+ project pipeline model using quantitative analysis; identified emerging opportunities in data centers and industrial laser markets. Delivered quarterly competitive intelligence and macro market reports to global HQ.
- **New Business Development:** Opened banking and government data center verticals via carrier and OEM channels — CNY 5M revenue in Year 1.
- **5G Market Strategy:** Anticipated 5G infrastructure buildout ahead of market by engaging carrier research institutes; early positioning drove 15% YoY revenue growth at peak cycle.
- **Digital Channel:** Launched Alibaba webshop and WeChat platform for Fujikura; achieved CNY 200M/year in online distribution and 2M+ page views.
- **Industry Advisory:** Served as internal subject matter expert on China's optical communications market — FTTH/FTTB rollout, 5G fronthaul/backhaul fiber demand, data center interconnect (DCI) trends, and submarine cable ecosystem. Delivered structured market briefings to Japan and European HQ enabling product roadmap and M&A screening decisions.

OMRON Electronic Components Trading (Shanghai) — Jan 2010 – Aug 2014 (4 yr 7 mo)

Sales Manager — East China

Products: Inverters, PLCs, Relays, Sensors, Switches, Connectors

- **Regional Sales Management:** Led a 4-person team (incl. 1 Japanese national); annual sales USD 4M; department YoY growth 108%.
- **0-to-1 Market Entry (Central China):** Independently established OMRON's Central China office in Wuhan; achieved CNY 2M in Year 1; promoted to Sales Manager upon return to Shanghai.
- **Key Accounts:** Panasonic, Mitsubishi, Siemens, Schneider, ABB, Fuji Electric, Hitachi, Yaskawa — spanning industrial control, medical, power, building automation, and home appliance sectors.
- **Cross-Cultural Operations:** Biannual reporting visits to Japan HQ; primary channel for transmitting China market insights to Japanese leadership.

TDK (Shanghai) International Trading Co., Ltd. — May 2004 – Jan 2010 (5 yr 8 mo)

Sales Supervisor — Japanese Key Accounts, East China

Products: MLCC Capacitors, Inductors, Sensors, Magnetic Components

- **Key Account Management:** Managed major Japanese electronics OEMs in East China (consumer electronics, automotive, industrial); average monthly sales ~CNY 10M (≈JPY 100M); market share at Hitachi and Mitsumi exceeded 70%.

- **Revenue Growth:** Delivered 140% and 130% YoY growth in FY2006 and FY2007; secured 10+ new Design-Ins annually.
- **Award:** NIDEC Best Supplier of the Year 2007.
- **Key Accounts:** Pioneer, Alpine, Alps, Hitachi, Mitsumi, NIDEC Group.
